phase

Bilateral project: Strengthening
quality infrastructure in Myanmar

Myanmar - Strengthening Quality Infrastructure

The project aims at increasing the local availability and usage of quality infrastructure (QI) services which are based on international good practices. It focusses in particular on the QI service needs of the agricultural and food sector accounting for the majority of small and medium enterprises in Myanmar.

Key Activities/Components

1. Strategy and policy development
2. Metrology
3. Quality infrastructure related services (in particular in the agricultural sector)
4. Stakeholder engagement and awareness raising
